Series A – Survey Instruments (Erhebungsinstrumente)

SOEP-Core – 2016: Individual and Biography (M3/M4, CAPI, with Reference to Variables)

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram shows a questionnaire entry for question Q72. On the left, labels with arrows point to specific parts of the entry:

- question number**: points to **Q72**
- question text**: points to **Now we would like to know something about you personally. Were you born in Germany?**
- interviewer instruction**: points to *This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.*
- answer options**: points to a list of options: Yes (1), No (2), No answer (-1).
- in blue: identifier for filter**: points to `Q72;lsta1` (with a yellow dotted line).
- in blue: filter with condition**: points to `LSTA1=2`.
- grey bar: open or numeric answer**: points to a grey bar below the question.

On the right, a legend explains the green text:

- in green:** dataset name, variable name, variable label.

The main entry content is as follows:

Q72 Now we would like to know something about you personally. Were you born in Germany?
This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
 Yes 1
 No 2
 No answer -1
`Q72;lsta1` bio I0013 born in Germany
`Q72;LSTA1=2`
Q73 What country were you born in?
Please enter the current name!
 Q73;lsta2 bio I0016 Country Of Birth

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form `2 @ Q73`. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].

About this Questionnaire

The influx of refugees to Germany, which rose sharply in the second half of 2015, poses challenges for public policy, government administration, and the population at large. To effectively coordinate lodging and assistance for these refugees and to foster their long-term integration into the labor market, educational system, and other societal spheres, robust and reliable information is needed that can be generalized and applied usefully to the challenges at hand. It is up to the empirical social research to provide a data base for these purposes.

To meet this need, the Institute for Employment Research (IAB) of the Federal Employment Agency, Research Centre on Migration, Integration, and Asylum of the Federal Office of Migration and Refugees (BAMF-FZ), and the Socio-Economic Panel (SOEP) at DIW Berlin are conducting a comprehensive standardized survey of refugees in Germany based on a qualitative preliminary study. Participation in the survey is voluntary, and the survey is being conducted by specially trained interviewers from the survey institute commissioned to do the fieldwork, TNS Sozialforschung in Munich. Conceptualized as a longitudinal study, the survey will be carried out in 2016, 2017, and 2018. In the first wave of the survey in 2016, the IAB-BAMF-SOEP Refugee Sample will cover nearly 2,000 adult refugees who arrived in Germany since 2013 seeking asylum.

Questions about refugees' living situations and the overall framework conditions

The study looks at the living situations of refugees as well as their schooling, vocational training, and current occupational situations. It also collects information on refugees' language use, living situations, family situations, social participation, and contact with both Germans and people of their own ethnic backgrounds. Other focal points of the study, which is conducted using standardized survey instruments, are the impacts of the legal and institutional frameworks for refugees and the effectiveness of various support programs.

B006 Journey to Germany

5 Many people settle in several countries during their lifetime. What happened in your case? We are interested to know which countries you have lived in for more than three months. First of all we'd like to know when you first moved away from your country of birth? If you can't remember exactly when, please give an approximate date.

Continuous stays in other countries lasting more than 3 months is what we mean here. Shorter stays such as visits to see relatives or holidays are not meant here.

13 Was Germany the first country you moved to after this, or was it another country?

Continuous stays in other countries lasting more than 3 months is what we mean here. Shorter stays such as visits to see relatives or holidays are not meant here.

b051 Numbers and Figures Test (Short Cognitive Test)

547 We have prepared a short test for you called the “Symbol and number test”. You can practise this first.

548 For this task, every number from 1 to 9 is assigned a particular symbol (see bottom bar). The objective is to enter the correct number for each symbol, and to do so as quickly as possible.

If this test cannot be completed for justified reasons (for example, visual impairment, motor skill disability), the test can be stopped here. Please note that audio files are not provided for this test.

Start test (practice part)

Do not conduct test because ...

549 Here we have a small example of a solution:

Enter "2" for the symbol in the first field. Enter "1" for the symbol in the second field. Enter "4" for the symbol in the fourth field.

Task	<input type="text"/>
Symbol	<input type="text"/>
Number?	<input type="text"/>
Solution	<input type="text"/>
Symbol	<input type="text"/>
Number?	<input type="text"/>

550 You can now use a few examples to familiarise yourself with the test. In our tests, we were able to achieve the fastest result by using the left hand to input the number and the right hand to press the Enter key.

551 Which number belongs to this symbol?

Input the number and press the Enter key to quickly go to the next page!

Symbol	<input type="text" value="1"/>
Number	<input type="text" value="2"/>

552 Many thanks, that was the example. Now we move on to the actual task itself. You have 90 seconds. Can we start?

Yes, start	<input type="text" value="1"/>
No, I don't want to do the test	<input type="text" value="2"/>

553 Which number belongs to this symbol?

Input the number and press the Enter key to quickly go to the next page!

Symbol	<input type="text" value="1"/>
Number	<input type="text" value="2"/>

554 Your 90 seconds are up, so the test has ended. Thank you for taking part

To continue the survey, the interviewer takes over the inputting again.

You have entered	<input type="text"/>
of these were correctly assigned	<input type="text"/>

b052 Consent to Record Linkage

r1 Consent to merge selected register data with your survey data from the LIVING IN GERMANY study!

Why do we need your signature? In order to be able to better describe the situation of immigrants and their children in Germany, scientists require extreme accurate information that can be used in statistical analyses . We are therefore asking for your consent to incorporate the data collated by the Institut für Arbeitsmarkt- und Berufsforschung (IAB) (Institute for Employment Research) in our evaluations. The IAB is the Research Institute of the Federal Agency for Employment in Nuremberg.

r2 What kind of information is involved? The additional information relates to your previous working life, in other words, details about previous periods of employment and unemployment.

Data protection is completely guaranteed. The Data Protection Act requires your consent to be able to merge these data with your survey data . All provisions under data protection law are observed, i.e. your anonymity is fully guaranteed. Giving your consent is of course voluntary. You can also withdraw it at any time.

r3 I consent to the data held at the Institut für Arbeitsmarkt- und Berufsforschung (IAB) in Nuremberg being included in the evaluation, merged exclusively with my survey data from the LIVING IN GERMANY study and stored anonymously . The evaluation will take place in such a way that it will not be possible to associate the data with my identity. I have been informed that all data protection regulations will be observed. I reserve the right to withdraw my consent at any time.

I give my consent to this and will sign on the next page

b053 Consent to App Installation

ap1 Specifically for the study, we have developed an app which has the same name as the study. We would like to keep in touch with you, using this app, after you have completed the survey with the interviewer. We are interested to know how you have been since the survey and how your situation has developed.

Via this app, at a regular interval of 4 times a year we will send you short surveys comprising around 10 questions. By way of a thank you, you will receive 10 Euros for completing the first two surveys and another 10 Euros for completing the last two surveys. You will receive both these amounts either as a mobile phone credit or as an Amazon voucher. For completing the four questionnaires you can therefore receive up to 20 Euros as mobile phone credits or Amazon vouchers.

We would also like to send you, via this app, the latest news about the “Situation of refugees in Germany” at regular intervals so you always have the latest information.

You can also use this app to update your contact details on a regular basis. This will help us invite you to the next survey, for which an interviewer would like to go through your current life situation again in detail. Thank you for your help! This app is, of course, also available in German, English, Arabic, Urdu, Pashto, Farsi and Kurmanji.

ap2 If you want, we can install the app on your Smartphone, enter the code and update your user account together.

11v Many thanks for taking part in this interview. To conclude the interview properly, the interviewer must now answer a few questions. These questions are designed to help us understand the information in the interview better. And we shall also use them to establish whether, in certain areas, we can do anything even better in future surveys.
