Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveypapers>

## Reading Aid

This representation of the questionnaire contains the same informations as the portal [paneldata.org](https://paneldata.org).

The diagram illustrates the structure of a questionnaire entry. It shows two questions, Q72 and Q73, with their respective instructions, answer options, and variable labels. The labels are color-coded: blue for identifiers and filters, green for dataset names, variable names, and variable labels, and grey for open or numeric answers.

**Question 72:** Q72 Now we would like to know something about you personally. Were you born in Germany?  
 This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.  
 Answer options: Yes (1), No (2), No answer (-1).  
 In blue: identifier for filter: Q72;lsta1  
 In blue: filter with condition: Q72;lsta1=2  
 Grey bar: open or numeric answer: Q72;lsta1 bio I0013 born in Germany

**Question 73:** Q73 What country were you born in?  
 Please enter the current name!  
 Grey bar: open or numeric answer: Q73;lsta2 bio I0016 Country Of Birth

in green: dataset name, variable name, variable label

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].

**Intro** The questions contains in this questionnaire are for all household members who were born in or before 1999.

Your participation is voluntary, but the scientific relevance of this study depends crucially on the participation of every member of every household.

We therefore cordially request that you either

-allow our staff member to interview you

or

-carefully fill out this questionnaire yourself.

**104** The following question deals with your labor intensity. Labor intensity is usually defined in terms of piece work requirements or target agreements—for example, sales targets or quality targets. But even without any such requirements, it is still possible to measure how much you achieve on a regular working day.

*Please answer on the following scale, where 100% means that your labor intensity has remained the same. If your labor intensity has declined, please use the scale on the left to express the percentage decline. If your labor intensity has increased, please use the scale on the right to express the percentage increase.*

What about you? Has your labor intensity changed in comparison to last year?

## B7 Your personal balance sheet

**VIntro** Wealth creation in all strata of the population is an important issue today, especially with regard to future pensions. That is why we try to obtain a reliable picture of the wealth situation of the Germans. We would like to invite you and ask you to participate in this project. To do this, we would like to work with you to create a personal “balance sheet” that also helps you gain an overview. You can be absolutely sure that your information will be kept confidential and will only be used for scientific evaluation.
