# SOEP-Core – 2018: Individual (M1/2, with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing.

The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveypapers>

## Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram illustrates the structure of a questionnaire entry. It shows two questions, Q72 and Q73, with their respective text, instructions, and answer options. Labels on the left point to specific parts of the entry:

- question number**: Points to the question number (Q72, Q73).
- question text**: Points to the main text of the question.
- interviewer instruction**: Points to the instruction text (e.g., "This refers to Germany...").
- answer options**: Points to the list of possible answers (Yes, No, No answer).
- in blue: identifier for filter**: Points to the identifier (Q72:lsta1).
- in blue: filter with condition**: Points to the filter condition (Q72:lsta1=2).
- grey bar: open or numeric answer**: Points to the grey bar indicating the type of answer.

On the right, a legend explains the green text:

- in green:** dataset name, variable name, variable label.

The diagram shows the following structure for Q72:

**Q72** Now we would like to know something about you personally. Were you born in Germany?  
*This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.*

Yes 1  
 No 2  
 No answer -1

Q72:lsta1 bio I0013 born in Germany

Q72:lsta1=2

**Q73** What country were you born in?  
*Please enter the current name!*

Q73:lsta2 bio I0016 Country Of Birth

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

**Intro** The questions contained in this questionnaire are for all household members who were born in or before 2000.

Your participation is voluntary, but the scientific relevance of this study depends crucially on the participation of every member of every household.

We therefore cordially request that you either:

– allow our staff member to interview you

or

– carefully fill out this questionnaire yourself.

**30 Did you take part in any further vocational training programs in 2017?**

Here we are referring to all types of further vocational training measures that are designed to build on previous professional training or to pave the way for a change of profession, as is the case with occupational retraining. We are also referring to continuing education programs in science or academia, such as programs offered by universities or similar institutions. The amount of time spent in the program could range from just a few hours to several months or years. The idea to pursue further training may have come from you, your employer, or a government agency such as the Federal Employment agency.
