Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram illustrates the structure of a questionnaire entry. It shows two questions, Q72 and Q73, with their respective text, instructions, and answer options. Labels on the left point to specific parts of the entry:

- question number**: Points to the question number (e.g., Q72).
- question text**: Points to the main text of the question.
- interviewer instruction**: Points to the instruction text (e.g., "This refers to Germany...").
- answer options**: Points to the list of possible answers (Yes, No, No answer).
- in blue: identifier for filter**: Points to the identifier (e.g., Q72:lsta1).
- in blue: filter with condition**: Points to the filter condition (e.g., Q72:lsta1=2).
- grey bar: open or numeric answer**: Points to the grey bar indicating the type of answer.

On the right, a label points to the green text: "in green: dataset name variable name variable label".

Question 72: Q72 Now we would like to know something about you personally. Were you born in Germany?
 This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
 Yes 1
 No 2
 No answer -1
 Q72:lsta1 bio I0013 born in Germany
 Q72:lsta1=2
 Q73 What country were you born in?
 Please enter the current name!
 Q73:lsta2 bio I0016 Country Of Birth

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

B054 Consent form / Record Linkage IEB

Q562 Consent to merge selected register data with your survey data from the LIVING IN GERMANY study!

Why do we need your signature? In order to be able to better describe the situation of immigrants and their children in Germany, scientists require extreme accurate information that can be used in statistical analyses. We are therefore asking for your consent to incorporate the data collated by the Institut für Arbeitsmarkt- und Berufsforschung (IAB) (Institute for Employment Research) in our evaluations. The IAB is the Research Institute of the Federal Agency for Employment in Nuremberg.

Q563 What kind of information is involved? The additional information relates to your previous working life, in other words, details about previous periods of employment and unemployment.

Data protection is completely guaranteed. The Data Protection Act requires your consent to be able to merge these data with your survey data . All provisions under data protection law are observed, i.e. your anonymity is fully guaranteed. Giving your consent is of course voluntary. You can also withdraw it at any time.

Q564 I consent to the data held at the Institut für Arbeitsmarkt- und Berufsforschung (IAB) in Nuremberg being included in the evaluation, merged exclusively with my survey data from the LIVING IN GERMANY study and stored anonymously . The evaluation will take place in such a way that it will not be possible to associate the data with my identity. I have been informed that all data protection regulations will be observed. I reserve the right to withdraw my consent at any time.

I give my consent to this and will sign on the next page
