infas

Running since 1984, the German Socio-Economic Panel study (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

- Series A – Survey Instruments (Erhebungsinstrumente)
- Series B – Survey Reports (Methodenberichte)
- Series C – Data Documentation (Datendokumentationen)
- Series D – Variable Descriptions and Coding
- Series E – SOEPmonitors
- Series F – SOEP Newsletters
- Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveypapers>

Questionnaire

Mother and Child

Dear Participant,

The next generation is of utmost importance to the study "Living in Germany".

This short questionnaire is about children who were born in 2020 and 2021.

The questions deal with your personal experiences and the development of the child. Since some of the questions are about the pregnancy and the birth of the child, the questionnaire is usually completed by the biological mother. However, it can also be completed by another caregiver if appropriate to the case at hand.

Your participation is, of course, completely voluntary.

We cordially invite you to
– provide our staff member with an interview,
– or carefully complete the questionnaire yourself.

Please answer all of the questions in this questionnaire in relation to the following child
(may also be filled out by Interviewer):

Child's first name:

<Vorname>

Birth date:

<Tag.Monat.Jahr>

We also offer an online questionnaire as an alternative to the paper version.

To complete the questionnaire online, please enter the following address into your Internet browser:

<LinkCAWI>

Your personal access code is:

<PWD-CAWI>

If you completed the questionnaire online, you don't need to return this printed questionnaire.

 If an interviewer is present, please enter:

How should the questionnaire be filled out?

Make an X in the box next to the answer option that you think comes the closest. If you make a mistake, clearly cross out the wrong answer and make an X in the correct box.

Example:

Yes ~~☒~~
No ☒

If you change your mind and decide that you want to select the answer that you just crossed out, you will need to clearly cross out the second mistake and then make a circle around the box you had crossed out first.

Example:

Yes ~~☒~~
No ~~☒~~

When filling out the questionnaire, please pay attention to the instructions for each question:

Example:

 Please select one answer only.

Sometimes you are asked to give numerical answers.
Please enter your answer by aligning numbers to the right in the spaces provided:

Example:

Number:

	1	5	0
--	---	---	---

If you should skip certain questions, there will be specific instructions:

Example:

Yes → **Continue with question 11**

Please make sure:

-  that you fill out the questionnaire in black pen only.
-  that your answers are clearly legible.
-  and that your answers are inside the boxes.

This makes our work much easier. Thank you very much!
