Series A – Survey Instruments (Erhebungsinstrumente)

SOEP-Core – 2021: Individual (techn., with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)
Series B – Survey Reports (Methodenberichte)
Series C – Data Documentation (Datendokumentationen)
Series D – Variable Descriptions and Coding
Series E – SOEPmonitors
Series F – SOEP Newsletters
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram illustrates the structure of a questionnaire entry. It shows two questions, Q72 and Q73, with their respective text, instructions, and answer options. The entry is enclosed in a box, and various parts are labeled with arrows pointing to them.

question number: Q72

question text: Now we would like to know something about you personally. Were you born in Germany?

interviewer instruction: This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.

answer options: Yes (1), No (2), No answer (-1)

in blue: identifier for filter: Q72:lsta1 bio I0013 born in Germany

in blue: filter with condition: Q72:lsta1=2

grey bar: open or numeric answer: Q73:lsta2 bio I0016 Country Of Birth

in green: dataset name, variable name, variable label

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro The following questions are no longer about the household as a whole, but about you personally.

110 In many cases, scientific researchers can only make accurate statements about people's current working and living conditions and how they change over time if they have information from both employees and employers. For this reason, we asked participants in the 2012 LIVING IN GERMANY survey to provide us with the names and addresses of the employers they worked for in 2011. We are now launching the second round of the survey EMPLOYERS AND OCCUPATIONAL WORKING ENVIRONMENTS IN GERMANY and we sincerely ask for your support. Based on your consent to participate, infas will ask the local operating units and combine this information with data that can be obtained through publicly available business registers. We are not interested in the situation of individual people, but in the overall situation of different occupational groups. Of course, we will ensure that you remain completely anonymous and that all data protection regulations are strictly observed. No information will be passed on that would allow you to be identified as an individual. This confidentiality also applies, of course, to the information provided by your employer.

110a Please state the name and address of the local operating unit or office

We are referring here to the local operating unit or office of the company where you are currently working or where you last worked. Local operating units include manufacturing plants, workshops, branch offices, or subsidiaries. We are not referring to the company or agency as a whole. Please answer based on your current or most recent main job. Please give the exact name of the local operating unit – in other words, not just “bakery” or “hair salon” but the exact name of the bakery or hair salon (for example, “Acme Bakery”); not “Berlin Police” or “Munich Hospital” but the name of the police station or hospital (for example, “Police Directorate 3, Section 32” or “Großhadern Clinic”).

111 Self-employed people play a key role in the economy. To find out more about them, LIVING IN GERMANY respondents were invited in 2020 to take part in a supplementary survey about their own work as a self-employed person. This year, we are launching the second round of the survey SELF-EMPLOYMENT IN GERMANY and invite you to take part. Based on your consent to participate, infas will ask you about the situation in your business or company and combine this information with data that can be obtained through publicly available business registers. We will, of course, maintain your confidentiality and anonymity at all times and ensure strict adherence to all data protection regulations.

206 In order to keep the interview as short as possible, we would like to include excerpts from data that the Institute for Employment Research at the Federal Employment Agency in Nuremberg has on you when evaluating the survey.

This includes, for example, information on employment relationships, phases of unemployment and participation in measures during unemployment, as well as company characteristics.

For the purpose of integrating this data into the interview data, I would like to ask you for your consent.

If this information is analyzed, it is absolutely guaranteed that all data protection regulations will be strictly adhered to and that the data will not be passed on to third parties.

Your consent is, of course, voluntary. You can also revoke it at any time by contacting the person at infas.

Do you agree to the transfer of data from the Institute for Employment Research of the German Federal Employment Agency?
