Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

The diagram shows a questionnaire form with the following elements and labels:

- question number:** Q72
- question text:** Now we would like to know something about you personally. Were you born in Germany?
- interviewer instruction:** This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
- answer options:**
 - Yes 1
 - No 2
 - No answer -1
- in blue: identifier for filter:** Q72:Ista1
- in blue: filter with condition:** Q72:Ista1=2
- grey bar: open or numeric answer:** (indicated by a grey bar)

Below the answer options, the following text is displayed in green:

bio I0013 born in Germany

Q73: Ista2 bio I0016 Country Of Birth

in green:
dataset name
variable name
variable label

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

203 The following questions deal with partnership and marriage or registered same-sex partnerships (eingetragene gleichgeschlechtliche Partnerschaft). All of these questions deal with your relationship, whether you are married or not. There are questions dealing with your current relationship and others dealing with past relationships. We will start with your current relationship and then ask you to look back on relationships you had before. In the case of past relationships, we are talking about relationships that lasted six months or longer.

Whenever referring to marriage, we are also referring to registered same-sex partnerships!
