SOEP-Core – 2021: Household (techn., with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)
Series B – Survey Reports (Methodenberichte)
Series C – Data Documentation (Datendokumentationen)
Series D – Variable Descriptions and Coding
Series E – SOEPmonitors
Series F – SOEP Newsletters
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

The diagram illustrates the structure of a questionnaire entry. It shows two questions, Q72 and Q73, with their respective text, instructions, and variable definitions. The labels on the left indicate the different parts of the entry:

- question number:** Q72, Q73
- question text:** "Now we would like to know something about you personally. Were you born in Germany?", "What country were you born in?"
- interviewer instruction:** "This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.", "Please enter the current name!"
- answer options:** Yes (1), No (2), No answer (-1)
- in blue: identifier for filter:** Q72:lsta1, Q73:lsta2
- in blue: filter with condition:** bio I0013, bio I0016
- grey bar: open or numeric answer:** (represented by a grey bar)

Additional information shown in green:

- dataset name: bio
- variable name: I0013, I0016
- variable label: born in Germany, Country Of Birth

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro The questions contained in this questionnaire deal with the household as a whole and not with the individuals in the household.

1 Before completing this questionnaire for „Living in Germany“, it is important to first find out whether anything has changed in your household situation since the last survey or if everything has remained the same. The first question deals with household composition. Please tell us which applies.

Please select one answer only. "Last survey" refers to the last regular survey and not to the last supplementary surveys "Life During COVID19" or "Living in Germany – Corona-Monitoring".

My household lives in the same home or apartment at the same address ...

... and no one has joined or left the household since then 1

... but since then at least one person has joined or left the household 2

My household lives in a new home or apartment at a new address ...

... after the household has moved, due to the arrival of one or more participants of „Living in Germany“ 3

... after new household formation 4
