**SOEP** Survey Papers  
Series A – Survey Instruments (Erhebungsinstrumente)

## SOEP-Core – 1989: Household (Initial Interview, with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel study (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)  
Series B – Survey Reports (Methodenberichte)  
Series C – Data Documentation (Datendokumentationen)  
Series D – Variable Descriptions and Coding  
Series E – SOEPmonitors  
Series F – SOEP Newsletters  
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

# SOEP-Core – 1989: Household (Initial Interview, with Reference to Variables)

SOEP Group

2023

The variable names mentioned in this document belong to a collection of datasets, which is released with doi:10.5684/soep.core.v37o.

## Contents

Intro Household questionnaire for households, who have not moved (green with privacy protection sheet)	4
B1 Is there in your household ...?	4
B2 The costs of your residence	8
B3 To be answered by the interviewer:	19

## Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

The diagram illustrates the structure of a questionnaire question. It shows a box containing the following elements:

- question number:** Q72
- question text:** Now we would like to know something about you personally. Were you born in Germany?
- interviewer instruction:** This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
- answer options:**
  - Yes (1)
  - No (2)
  - No answer (-1)
- in blue: identifier for filter:** Q72:lsta1
- in blue: filter with condition:** Q72:lsta1=2
- in green: dataset name, variable name, variable label:** bio I0013 born in Germany
- grey bar: open or numeric answer:** Q73:lsta2 bio I0016 Country Of Birth

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

## Intro Household questionnaire for households, who have not moved (green with privacy protection sheet)

In this section, we are interested in the composition of your household. Therefore, I would like to register all persons in your household in a survey. If there is a person, who is normally lives in your household but is currently absent due to a hospital stay, long trip, boarding school or rest home (asylum\*), military or civil service, etc. please include this person. For each person, the gender, birthdate, and position in the household should be written. So there is no confusion, the first name should be included. We will start with the principle earner (hv). The persons should be listed in sequence of their age, from oldest to youngest. Please fill out the address protocol before handing in questionnaire

Household number:

Intro:hnr	fh	cid	Original Houshold Number, Case ID
Intro:hnr	fh	hid	Current Wave HH Number (=hid_1989)
Intro:hnr	fh	syear	Survey Year
Intro:hnr	fh	welle	Survey Year
Intro:hnr	fkind	syear	Survey Year
Intro:hnr	fkind	cid	Original Houshold Number, Case ID
Intro:hnr	fkind	hid	Current Wave HH Number (=hid_1989)
Intro:hnr	hl	cid	Original Houshold Number, Case ID
