Dear Survey Participant,

We have invited you to take part in this survey to find out more about the living situation of people who have fled the war in Ukraine and come to Germany. Your support is very important for this project as it provides us with reliable information on how Ukrainian refugees living in Germany are doing.

Some of the things we are interested in knowing are: Do you feel welcome here? What is your personal situation? What areas do you need help in at the moment? The questionnaire should only take around 20 minutes to complete.

Your participation is of course voluntary. The information you provide will remain strictly confidential. You can find out more about this in the "Privacy and Data Confidentiality Statement" accompanying this cover letter.

By completing the written questionnaire and sending it to infas, you are agreeing to participate in the study.

How to complete the questionnaire
