SOEP Survey Papers
Series A – Survey Instruments (Erhebungsinstrumente)

SOEP-Core – 2022: Individual (IAB-BAMF-SOEP-M3-M6, Refugees, with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)
Series B – Survey Reports (Methodenberichte)
Series C – Data Documentation (Datendokumentationen)
Series D – Variable Descriptions and Coding
Series E – SOEPmonitors
Series F – SOEP Newsletters
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

B004a Job-related German language training course run by the German Federal Agency of Migration and Refugees (BAMF)

PL1;prev_befstat=2

Q140II Various work-related courses and activities are offered in Germany. On the one hand, there are work-related language courses in which mainly German language skills are taught for daily work life. On the other hand, there are labour market policy activities that promote and impart knowledge and skills relevant to the labour market. This means that knowledge about the German labour market is imparted or support is provided in finding a suitable job or you can further develop your professional qualifications. Have you already participated in such courses/activities since you moved to Germany?

We are not referring here to the integration course of the Federal Office for Migration and Refugees (also known as BAMF for short) and language courses that have no professional/work reference.

Q412 The coronavirus pandemic has changed a lot in recent years, especially in the digital communication sector. We were also unable to conduct all interviews at our participants' homes last year and conducted them by phone instead. However, phone interviews are not very personal, which is why we are also looking for new ways to conduct interviews.

One option we are considering is an online conversation or virtual meeting. You could decide for yourself whether we see each other via video camera. In addition, you could always see the questions that the interviewer also sees on the screen.

Of course, we would look for a software that would also ensure the data protection guaranteed by us.

Would you be generally willing to participate in the "Living in Germany" survey as part of a virtual meeting?
