Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro Dear Study Participant,

First of all, we—the “Living in Germany” team—would like to extend our sincere condolences on the loss of your family member.

For many people, it is difficult to talk about death and dying, especially with strangers. Yet because science still knows so little about this topic, we would like to ask you a few questions about the last stage of your loved one’s life.

We cordially request that you either

- provide our staff member with an interview
- or if you prefer, that you carefully complete this questionnaire yourself.

This questionnaire is to be filled out by (may also be filled out by Interviewer):

First name

Intro:name bmv name [de] Vorname Befragungsperson

Please only fill out this questionnaire if you are asked to do so in the “Individual” questionnaire.

We also offer an online questionnaire as an alternative to the paper version.

To complete the questionnaire online, please enter the following address into your Internet browser:

If you completed the questionnaire online, you don’t need to return this printed questionnaire.

Help1 How should the questionnaire be filled out?

Help2 Make an X in the box next to the answer option that you think comes the closest. If you make a mistake, clearly cross out the wrong answer and make an X in the correct box.

Example:

Yes	<input type="checkbox"/>	1
No	<input type="checkbox"/>	2

Help3 If you change your mind and decide that you want to select the answer that you just crossed out, you will need to clearly cross out the second mistake and then make a circle around the box you had crossed out first.

Example:

Yes ☐ 1
No ☐ 2

Help4 When filling out the questionnaire, please pay attention to the instructions for each question.

Example: Please select one answer only.

Help5 If there is a blank for you to write your answer in, please print your answer in the blank.

Example:

Country:

Help6 Sometimes you are asked to give numerical answers. Please enter your answer by aligning numbers to the right in the spaces provided:

Example:

Number:

Help7 If you should skip certain questions, there will be specific instructions:

Example:

Yes ☐ 1

Help8 Please make sure:

- that you fill out the questionnaire in black pen only. - that your answers are clearly legible. - and that your answers are inside the boxes.

This makes our work much easier. Thank you very much!
